FOR IMMEDIATE RELEASE

BENDIX DRUM BRAKES ATTAIN STANDARD POSITION AT MACK TRUCKS

ELYRIA, Ohio – April 8, 2010 – Bendix Spicer Foundation Brake LLC has expanded its North American market leadership position. Bendix® foundation drum brakes are now standard at Mack Trucks for the company's on-highway and vocational commercial vehicles.

Bendix Spicer Foundation Brake offers more than 32 models of air drum brakes to meet the requirements of all heavy- and medium-duty truck, tractor, and trailer vehicle applications in North America.

"We are both proud and honored to be awarded standard position at Mack Trucks," said Walt Frankiewicz, president of Bendix Spicer Foundation Brake. "This attainment gives credence to our commitment to provide the most robust braking options for commercial vehicle OEMs. We look forward to providing the high level of service and support Mack customers expect."

Since its inception in 2004, Bendix Spicer Foundation Brake has remained focused on its efforts to advance its braking technology. Bendix Spicer Foundation Brake currently offers numerous brake configurations to meet the new National Highway Traffic Safety Administration (NHTSA) reduced stopping distance requirements, including all drum brakes, all disc brakes, or a combination of both. The full lineup of Bendix foundation brake products are commercially available and produced at the company's state-of-the-art wheel-end manufacturing facility in Bowling Green, Ky.

Bendix foundation drum brakes, disc brakes, automatic slack adjusters, and combination spring brakes are produced and made available by Bendix Spicer Foundation Brake LLC under

the Bendix® brand name. Bendix Spicer Foundation Brake is a joint venture between Bendix Commercial Vehicle Systems LLC and Dana Commercial Vehicle Products, LLC.

About Bendix Spicer Foundation Brake LLC

Bendix Spicer Foundation Brake LLC combines and expands the complementary wheel-end foundation brake technologies of two global leaders – Bendix Commercial Vehicle Systems LLC and Dana Commercial Vehicle Products, LLC. The joint venture, formed in July 2004, is a single, complete source for OEM brake system design, manufacturing, hardware, and support for all foundation brake components and actuation systems, as well as all-makes coverage of nearly 50,000 medium- and heavy-duty aftermarket parts. Bendix Spicer Foundation Brake LLC is headquartered in Elyria, Ohio, with engineering operations in both Elyria and Kalamazoo, Mich., and a manufacturing facility in Bowling Green, Ky. For more information, call 1-866-610-9709 or visit www.foundationbrakes.com.
